

Hill Auditorium – Directions and Parking

Central Campus Event Parking **Alert**

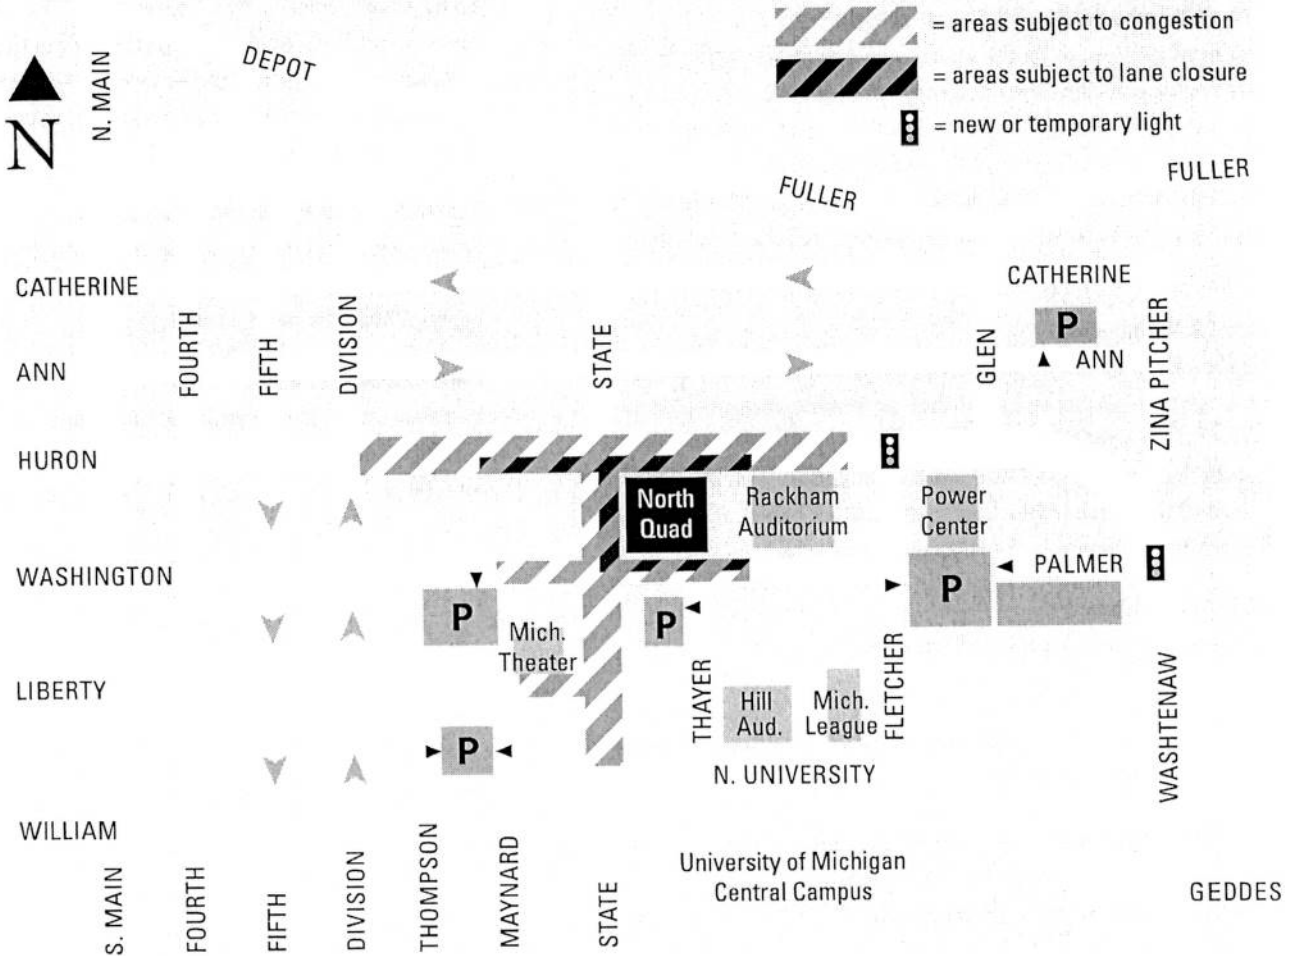

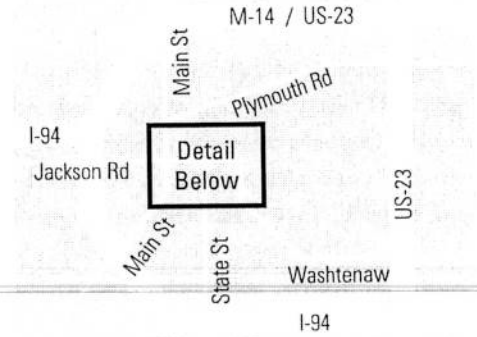

Construction of the University of Michigan’s North Quad residence hall over the next two years will increase traffic congestion and require occasional lane and street closures in the block surrounding the construction area. **Northbound State Street between Washington and Huron will be closed entirely; in other areas, two-way traffic will be maintained despite lane closures.**

Because this impacts access routes to performance venues, we ask that you allow ample travel time and avoid the streets marked below. Recommended alternative directions and parking access suggestions appear on the reverse side of this map.

All parking structures will remain open during construction.

Thank you for your patience.
